| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat, Sheep, Zebrafish                                                                                                                                                                                       |
| Produktbeschreibung      | YWHAE,tyrosine 3-monooxygenase/tryptophan 5-monooxygenase activation protein, epsilon polypeptide,MDS, MDCR, KCIP-1, 14-3-3E, FLJ45465, FLJ53559, YWHAE,14-3-3 protein epsilon,14-3-3 protein epsilon,14-3-3 epsilon,protein kinase C inhibitor protein-1,... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 29kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">7531</a>                                                                                                                                                                                                                                          |
