| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Equine, Goat, Guinea pig, Human, Mouse, Rabbit, Rat, Zebrafish                                                                                                                                                                                |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human LEF1                                                                                                                                                                     |
| Produktbeschreibung      | Lymphoid enhancer-binding factor-1 (LEF1) is a 48-kD nuclear protein that is expressed in pre-B and T cells. It binds to a functionally important site in the T-cell receptor-alpha enhancer and confers maximal enhancer activity. LEF1 belongs to a fami... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 44kDa                                                                                                                                                                                                                                                         |
