| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IF, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Bovine, Canine, Equine, Human, Mouse, Rat                                                                                                                                                                                                                     |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human HOXB7                                                                                                                                                                    |
| Produktbeschreibung      | HOXB7 belongs to the homeobox family. The homeobox genes encode a highly conserved family of transcription factors that play an important role in morphogenesis in all multicellular organisms. Mammals possess four similar homeobox gene clusters, HOXA,... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 24kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">3217</a>                                                                                                                                                                                                                                          |

|              |                                                                                                   |
