| Alternativnummer         | ASB-ARP44441_P050-25UL,ASB-ARP44441_P050-100UL                                                                                                                                                                |
| Hersteller               | Aviva                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat, Zebrafish                                                                                                                                      |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human MCTP1                                                                                                                        |
| Produktbeschreibung      | MCTP1 belongs to the MCTP family.It contains 3 C2 domains. MCTP1 is a multi-pass membrane protein. It binds calcium via the C2 domains in absence of phospholipids. The function of MCTP1 remains unknown.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                     |
| Molekulargewicht         | 112 kDa                                                                                                                                                                                                       |
| NCBI                     | <a href="#">79772</a>                                                                                                                                                                                         |

|              |                                                                                                   |
