| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Bovine, Canine, Equine, Goat, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat, Sheep, Yeast, Zebrafish                                                                                                                                                         |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human GNAI1                                                                                                                                                                        |
| Produktbeschreibung      | Guanine nucleotide-binding proteins (G proteins) form a large family of signal-transducing molecules. They are found as heterotrimers made up of alpha, beta, and gamma subunits. Members of the G protein family have been characterized most extensively... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 40kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">2770</a>                                                                                                                                                                                                                                          |
