| Artikelname              | EHD4 Antibody - middle region                                                                                                                                             |
| Artikelnummer            | ASB-ARP55433_P050                                                                                                                                                         |
| Hersteller Artikelnummer | ARP55433_P050                                                                                                                                                             |
| Alternativnummer         | ASB-ARP55433_P050-25UL,ASB-ARP55433_P050-100UL                                                                                                                            |
| Hersteller               | Aviva                                                                                                                                                                     |
| Wirt                     | Rabbit                                                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                                                          |
| Applikation              | IHC, WB                                                                                                                                                                   |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                             |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human EHD4                                                                                     |
| Produktbeschreibung      | EHD4 is involved in the control of trafficking at the early endosome and regulates exit of cargo toward both the recycling compartment and the late endocytic pathway.... |
| Klonalität               | Polyclonal                                                                                                                                                                |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                 |
| Molekulargewicht         | 61kDa                                                                                                                                                                     |
| NCBI                     | <a href="#">30844</a>                                                                                                                                                     |
| UniProt                  | <a href="#">Q9H223</a>                                                                                                                                                    |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
