| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Monkey, Mouse, Rat                                                                                                                                                                                                                                     |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human GABA-RB around the phosphorylation site of Ser434. AA range:401-450                                                                                                                 |
| Produktbeschreibung      | The gamma-aminobutyric acid (GABA) A receptor is a multisubunit chloride channel that mediates the fastest inhibitory synaptic transmission in the central nervous system. This gene encodes GABA A receptor, beta 1 subunit. It is mapped to chromosome 4... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Molekulargewicht         | 55kD                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">2560</a>                                                                                                                                                                                                                                          |
