### Anti-HA Tag Mouse Monoclonal Antibody (4F6) ASC-ABT2040

|                          |                                                                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-HA Tag Mouse Monoclonal Antibody (4F6)                                                                                          |
| Artikelnummer            | ASC-ABT2040                                                                                                                          |
| Hersteller Artikelnummer | ABT2040                                                                                                                              |
| Alternativnummer         | ASC-ABT2040-50, ASC-ABT2040-200                                                                                                      |
| Hersteller               | Abbkine Scientific                                                                                                                   |
| Wirt                     | Mouse                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                           |
| Applikation              | IF, IP, WB                                                                                                                           |
| Spezies Reaktivität      | Bacteria, Mammal                                                                                                                     |
| Immunogen                | Synthetic Peptide                                                                                                                    |
| Produktbeschreibung      | Featured Anti-HA Tag Mouse Monoclonal Antibody (4F6), specially designed for your tagged protein quantification and localization.... |
| Klonalität               | Monoclonal                                                                                                                           |
| Konzentration            | 1 mg/ml                                                                                                                              |
| Tag                      | HA                                                                                                                                   |
| Puffer                   | Liquid in PBS, pH 7.4, containing 0.02% Sodium Azide as preservative and 50% Glycerol.                                               |
| Reinheit                 | The antibody was affinity-purified from mouse ascites by affinity-chromatography using specific immunogen                            |

|                        |                                                                                                                                                                                   |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid solution                                                                                                                                                                   |
| Anwendungsbeschreibung | Optimal working dilutions should be determined experimentally by the investigator. Suggested starting dilutions are as follows:<br>WB(1:10000-1:100000), IF (1:2000), IP (1:400). |
