| Hersteller               | reddot Biotech                                                                                                                                                                                                                                           |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                              |
| Applikation              | ELISA                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | This Mouse Regenerating Islet Derived Protein 3 Gamma (REG3g) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 15.625-1000pg/mL                                                                                                                                                                                                                                         |
| Sensitivitaet            | 6.9pg/mL                                                                                                                                                                                                                                                 |
| Proben                   | serum, plasma and other biological fluids                                                                                                                                                                                                                |
| Target-Kategorie         | Mouse Regenerating Islet Derived Protein 3 Gamma (REG3g)                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                   |
