| Kategorie                | Kits/Assays                                                                                                                                                                                                                                       |
| Applikation              | ELISA                                                                                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                             |
| Produktbeschreibung      | This Human Regenerating Islet Derived Protein 4 (REG4) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 0.156-10ng/mL                                                                                                                                                                                                                                     |
| Sensitivitaet            | 0.055ng/mL                                                                                                                                                                                                                                        |
| Proben                   | serum, plasma and other biological fluids                                                                                                                                                                                                         |
| Target-Kategorie         | Human Regenerating Islet Derived Protein 4 (REG4)                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                            |
