| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Mouse Nuclear Receptor Subfamily 1, Group D, Member 2 (NR1D2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use ... |
| Detektionsbereich        | 0.312-20ng/mL                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 0.108ng/mL                                                                                                                                                                                                                                                    |
| Proben                   | tissue homogenates and other biological fluids                                                                                                                                                                                                                |
| Target-Kategorie         | Mouse Nuclear Receptor Subfamily 1, Group D, Member 2 (NR1D2)                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                          |
