| Alternativnummer         | RDD-RDR-TGFBR2-HU-96,RDD-RDR-TGFBR2-HU-48                                                                                                                                                                                                                     |
| Hersteller               | reddot Biotech                                                                                                                                                                                                                                                |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Human Transforming Growth Factor Beta Receptor II (TGFbR2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids . This product is for Re... |
| Detektionsbereich        | 0.312-20ng/mL                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 0.126ng/mL                                                                                                                                                                                                                                                    |
| Proben                   | tissue homogenates, cell lysates and other biological fluids                                                                                                                                                                                                  |
| Target-Kategorie         | Human Transforming Growth Factor Beta Receptor II (TGFbR2)                                                                                                                                                                                                    |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                          |
