| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                                       |
| Wirt                     | Gallus                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Primate, Rat                                                                                                                                                                                                                                    |
| Immunogen                | Protein amino acids 1-902 (full-length) of rat Aldh1L1 (accession number P28037) produced recombinantly in E. Coli                                                                                                                                            |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Our chicken Anti-Aldh1L1 recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone N103/39. It detects human, mouse, non-human primate, and rat Aldh1L1, and is purified by affinity chromatography. It is great for use in ELISA... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                       |

|                        |                                                                                                   |
|------------------------|---------------------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [N103/39]                                                                                         |
| Molekulargewicht       | 100 kDa                                                                                           |
| UniProt                | <a href="#">P28037</a>                                                                            |
| Target-Kategorie       | Aldh1L1                                                                                           |
| Antibody Type          | Primary Antibody                                                                                  |
| Application Verdünnung | Dilution Range: WB: 1:1000-1:2000. Dilution Range: IHC: 1:250-1:1000. Dilution Range: ICC: 1:1000 |
| Anwendungsbeschreibung | Format: Purified by affinity chromatography                                                       |
