| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                                       |
| Wirt                     | Gallus                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC, IHC                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Fusion protein amino acids 1-389 (extracellular N-terminus) of rat GluA1/GluR1 (accession number P19490) produced recombinantly in E. Coli.                                                                                                                   |
| Konjugation              | FL594                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Our chicken Anti-GluA1/GluR1 glutamate receptor FL594 conjugate recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone N355/1. It detects human, mouse, and rat GluA1/GluR1 is purified by affinity chromatography. It works i... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                     |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Klon-Bezeichnung       | [N355/1]                                                             |
| Molekulargewicht       | 100 kDa                                                              |
| UniProt                | <a href="#">P19490</a>                                               |
| Target-Kategorie       | GluA1/GluR1 glutamate receptor                                       |
| Antibody Type          | Primary Antibody                                                     |
| Application Verdünnung | Dilution Range: IHC: 1:250-1:1000. Dilution Range: ICC: 1:250-1:1000 |
| Anwendungsbeschreibung | Format: Purified by affinity chromatography                          |
