| Alternativnummer         | USB-B0902D-100                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Control Peptide for (affinity purified) and (antiserum). Synthetic peptide, from 63 aa precursor, mouse. Antimicrobial peptides are a common mechanism of host defense utilized by a variety of species, from insects to humans. Defensins are a large fam... |
| Reinheit                 | Highly purified.                                                                                                                                                                                                                                              |
| Formulierung             | Supplied as a lyophilized powder from PBS, 0.05% sodium azide.                                                                                                                                                                                                |
