## Product Datasheet

### **CD50 (CDw50, Intercellular Adhesion Molecule 3, ICAM 3, ICAM3, ICAM-3, ICAM-R), IgG1, Clone: [MEM-171], Mouse, Monoclonal USB-C2405-07E**

|                          |                                                                                                                                                                                                                                                               |

| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IP                                                                                                                                                                                                                                                        |
| Immunogen                | Human granulocytes                                                                                                                                                                                                                                            |
| Produktbeschreibung      | Applications: Suitable for use in Flow Cytometry and Immunoprecipitation. Other applications not tested. Recommended Dilution: Flow Cytometry: 4ug/ml Optimal dilutions to be determined by the researcher. Storage and Stability: May be stored at 4C for... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [MEM-171]                                                                                                                                                                                                                                                     |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P32942</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |

|              |                                                         |
|--------------|---------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.4, 15mM sodium azide. |
