| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | FLISA, IF, WB                                                                                                                                                                                                                                                 |
| Produktbeschreibung      | Applications: Suitable for use in FLISA, Western Blot and Immunofluorescence. Other applications have not been tested. Recommended Dilutions: Optimal dilutions to be determined by the researcher. Absorption Wavelength: 495nm Emission Wavelength: 528n... |
| Reinheit                 | Purified by Immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a lyophilized powder from PBS, pH 7.2, 10mg/ml BSA (IgG and protease free), 0.01% sodium azide. Labeled with FITC.                                                                                                                                |
