Product Datasheet

TARC, Human (Thymus and Activation Regulated Chemokine) (Biotin), Rabbit USB-T1020-05-BIOTIN

Artikelname	TARC, Human (Thymus and Activation Regulated Chemokine) (Biotin), Rabbit
Artikelnummer	USB-T1020-05-BIOTIN
Hersteller Artikelnummer	T1020-05-Biotin
Alternativnummer	USB-T1020-05-BIOTIN-100
Hersteller	US Biological
Wirt	Rabbit
Kategorie	Antikörper
Immunogen	Recombinant protein corresponding to human TARC expressed in E. coli.
Produktbeschreibung	Human TARC is a recently discovered protein belonging to the beta-chemokine (C-C) family of cytokines, secreted by activated monocytes, thymic and lymph node dendritic cells. It is chemotactic towards activated T cells (Th2 subset) which express expr...
Reinheit	Purified by immunoaffinity chromatography.
Formulierung	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Biotin.
