## Product Datasheet

**Transcription Factor IIE, gamma, Large Subunit (TFIIE), IgG2a, Clone:  
[4C2/E7], Mouse, Monoclonal  
USB-T8195-23E1**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Purified human transcription factor IIE-gamma (p68).                                                                                                                                                                                                          |
| Produktbeschreibung      | This complex recruits TFIID to the initiation complex and stimulates the RNA polymerase II C-terminal domain kinase and DNA-dependent ATPase activities of TFIID. Applications: Suitable for use in ELISA and Western Blotting. Other applications not tes... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [4C2/E7]                                                                                                                                                                                                                                                      |
| Isotyp                   | IgG2a                                                                                                                                                                                                                                                         |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2.                                                                                                                                                                                                                          |
