| Alternativnummer         | USB-T8250-10-1                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Immunogen                | Recombinant protein corresponding to Val40-Ala89 from human TGF alpha, expressed in E. coli.                                                                                                                                                                  |
| Produktbeschreibung      | TGF-alpha (transforming growth factor alpha) is a 50aa EGF-related polypeptide expressed in a range of tissues, including skin, pancreas, liver, duodenum, salivary glands, urinary and respiratory systems, and the developing and mature central nervous... |
| UniProt                  | <a href="#">P01135</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein G affinity chromatography. Endotoxin: 0.1EU/ug                                                                                                                                                                                            |
| Formulierung             | Supplied as a lyophilized powder from PBS, pH 7.4, 5% trehalose. Reconstitute with 1ml sterile PBS.                                                                                                                                                           |
