## Product Datasheet

**TARSL2, CT (Probable Threonyl-tRNA Synthetase, Cytoplasmic, Threonine-tRNA Ligase, ThrRS, Threonyl-tRNA Synthetase-like Protein 2, TARSL2), Rabbit  
USB-T8663-79**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-T8663-79-200                                                                                                                                                                                                                                              |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide selected from the C-terminal region of human TARSL2 (KLH).                                                                                                                                                                                  |
| Produktbeschreibung      | Applications: Suitable for use in ELISA and Western Blot. Other applications not tested. Recommended Dilution: ELISA: 1:1,000 Western Blot: 1:100-1:500 Optimal dilutions to be determined by the researcher. Storage and Stability: May be stored at 4C f... |
| NCBI                     | <a href="#">689547</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, 0.09% sodium azide.                                                                                                                                                                                                              |
