## Product Datasheet

**Ubiquitin (HRP), Clone: [6A209], Mouse, Monoclonal  
USB-U1000-04B-HRP**

|                          |                                                                                                                                                                                                                                                               |

| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                                                                                            |
| Immunogen                | Purified bovine ubiquitin conjugated to carrier protein.                                                                                                                                                                                                      |
| Produktbeschreibung      | Applications: Suitable for use in ELISA, Western Blot, Immunohistochemistry and Immunofluorescence. Other applications not tested. Recommended Dilution: Western Blot: Prepare lysis buffer in 10mM N-ethylmaleimide to inhibit ubiquitin-conjugating enzy... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [6A209]                                                                                                                                                                                                                                                       |
| UniProt                  | <a href="#">P62992</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservatives added. Labeled with horseradish peroxidase (HRP).                                                                                                                                                       |
