## Product Datasheet

### **Valyl-tRNA Synthetase, NT (G7A, Protein G7a, Valine-tRNA ligase, ValRS, VARS1, VARS2), Rabbit USB-V2017-50A**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-V2017-50A-200                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Synthetic peptide selected from the N-terminal region of human VARS (KLH).                                                                                                                                                                                    |
| Produktbeschreibung      | Aminoacyl-tRNA synthetases catalyze the aminoacylation of tRNA by their cognate amino acid. Because of their central role in linking amino acids with nucleotide triplets contained in tRNAs, aminoacyl-tRNA synthetases are thought to be among the first... |
| NCBI                     | <a href="#">006286</a>                                                                                                                                                                                                                                        |
| UniProt                  | <a href="#">P26640</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by ammonium sulfate precipitation.                                                                                                                                                                                                                   |
| Formulierung             | Supplied as a liquid in PBS, 0.09% sodium azide.                                                                                                                                                                                                              |
