## Product Datasheet

### **VEGF (Vascular Endothelial Growth Factor, Vascular Permeability Factor, VEGFA, VPF) (MaxLight 650), IgG1, Clone: [CH-10], Mouse, Monoclonal USB-V2110-11B-ML650**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Immunogen                | Recombinant protein corresponding to mouse VEGF.                                                                                                                                                                                                              |
| Produktbeschreibung      | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CH-10]                                                                                                                                                                                                                                                       |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">033531</a>                                                                                                                                                                                                                                        |

|              |                                                                                           |
|--------------|-------------------------------------------------------------------------------------------|
| UniProt      | <a href="#">P15692</a>                                                                    |
| Reinheit     | Purified by affinity chromatography.                                                      |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)650. |
