| Alternativnummer         | USB-Z0774-ML650-100                                                                                                                                                                                                                                           |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IF, IP, WB                                                                                                                                                                                                                                             |
| Immunogen                | Synthetic peptide derived from the internal region of the human ZO-3 protein.                                                                                                                                                                                 |
| Produktbeschreibung      | MaxLight(TM) 650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Co... |
| Reinheit                 | Purified by immunoaffinity chromatography                                                                                                                                                                                                                     |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservatives added. Labeled with MaxLight(TM)650.                                                                                                                                                                    |
