## Product Datasheet

### **Anti-Poliovirus Receptor/PVR Antibody Picoband (monoclonal, 3B11E9) HRP Conjugated, Clone: [Clone: 3B11E9], Mouse, Monoclonal BOB-M00664-3-HRP**

|                          |                                                                                                                               |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-Poliovirus Receptor/PVR Antibody Picoband (monoclonal, 3B11E9) HRP Conjugated, Clone: [Clone: 3B11E9], Mouse, Monoclonal |
| Artikelnummer            | BOB-M00664-3-HRP                                                                                                              |
| Hersteller Artikelnummer | M00664-3-HRP                                                                                                                  |
| Alternativnummer         | BOB-M00664-3-HRP-100UG                                                                                                        |
| Hersteller               | Boster Bio                                                                                                                    |
| Wirt                     | Mouse                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                |
| Spezies Reaktivität      | Human, Mouse                                                                                                                  |
| Immunogen                | E.coli-derived human Poliovirus Receptor/PVR recombinant protein (Position: D28-E331).                                        |
| Klonalität               | Monoclonal                                                                                                                    |
| Klon-Bezeichnung         | [Clone: 3B11E9]                                                                                                               |
| NCBI                     | <a href="#">5817</a>                                                                                                          |
| UniProt                  | <a href="#">P15151</a>                                                                                                        |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> .                                           |

|                        |                                                                                                                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                                                                                                                                                                                          |
| Formulierung           | Liquid                                                                                                                                                                                                                                |
| Target-Kategorie       | Poliovirus receptor                                                                                                                                                                                                                   |
| Application Verdünnung | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
