## Product Datasheet

### **Anti-Prostate Specific Antigen/KLK3 Antibody Picoband PE Conjugated, Rabbit, Polyclonal BOB-PB9259-PE**

|                          |                                                                                                                                         |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-Prostate Specific Antigen/KLK3 Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                 |
| Artikelnummer            | BOB-PB9259-PE                                                                                                                           |
| Hersteller Artikelnummer | PB9259-PE                                                                                                                               |
| Alternativnummer         | BOB-PB9259-PE-100UG                                                                                                                     |
| Hersteller               | Boster Bio                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                              |
| Applikation              | FC                                                                                                                                      |
| Spezies Reaktivität      | Human                                                                                                                                   |
| Immunogen                | E.coli-derived human PSA recombinant protein (Position: I25-P261). Human PSA shares 54% amino acid (aa) sequence identity with rat PSA. |
| Klonalität               | Polyclonal                                                                                                                              |
| Molekulargewicht         | Calculated Molecular Weight: 28741 MW                                                                                                   |
| NCBI                     | <a href="#">354</a>                                                                                                                     |
| UniProt                  | <a href="#">P07288</a>                                                                                                                  |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                             |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Prostate-specific antigen                                            |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
