| Artikelname              | Anti-Daxx Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal                                                                                                           |
| Artikelnummer            | BOB-PB9550-FLUORO647                                                                                                                                                           |
| Hersteller Artikelnummer | PB9550-Fluoro647                                                                                                                                                               |
| Alternativnummer         | BOB-PB9550-FLUORO647-100UG                                                                                                                                                     |
| Hersteller               | Boster Bio                                                                                                                                                                     |
| Wirt                     | Rabbit                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                     |
| Applikation              | FC                                                                                                                                                                             |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                              |
| Immunogen                | E.coli-derived human Daxx recombinant protein (Position: K56-R345). Human Daxx shares 88.3% and 88.6% amino acid (aa) sequence identity with mouse and rat Daxx, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                     |
| Molekulargewicht         | Calculated Molecular Weight: 81373 MW                                                                                                                                          |
| NCBI                     | <a href="#">1616</a>                                                                                                                                                           |
| UniProt                  | <a href="#">Q9UER7</a>                                                                                                                                                         |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                    |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Death domain-associated protein 6                                    |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
