## Product Datasheet

### Anti-Cystathionine beta-synthase CBS Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal BOB-RP1041-FLUORO488

|                          |                                                                                                                                                         |

| Artikelname              | Anti-Cystathionine beta-synthase CBS Antibody Picoband Fluoro488<br>Conjugated, Rabbit, Polyclonal                                                      |
| Artikelnummer            | BOB-RP1041-FLUORO488                                                                                                                                    |
| Hersteller Artikelnummer | RP1041-Fluoro488                                                                                                                                        |
| Alternativnummer         | BOB-RP1041-FLUORO488-100UG                                                                                                                              |
| Hersteller               | Boster Bio                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                              |
| Applikation              | FC                                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                       |
| Immunogen                | E.coli-derived human CBS recombinant protein (Position: A331-K551). Human CBS shares 83% amino acid (aa) sequence identity with both mouse and rat CBS. |
| Klonalität               | Polyclonal                                                                                                                                              |
| Molekulargewicht         | Calculated Molecular Weight: 60587 MW                                                                                                                   |
| NCBI                     | <a href="#">875</a>                                                                                                                                     |
| UniProt                  | <a href="#">P35520</a>                                                                                                                                  |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                             |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Cystathionine beta-synthase                                          |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
