| Produktbeschreibung      | Boster Bio Anti-SARS-CoV-2 NSP2 Antibody catalog A33998. Tested in ELISA applications. This antibody reacts with Human....                                                                                                                                                                                |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                                                |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                                                                 |

|                        |                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------|
| Molekulargewicht       | Observed Molecular Weight: 140 kDa, 130 kDa, 110 kDa. Calculated Molecular Weight: 16693 MW |
| NCBI                   | <a href="#">43740578</a>                                                                    |
| UniProt                | <a href="#">P0DTC1</a>                                                                      |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl and 0.2mg Na2HPO4.                             |
| Reinheit               | Immunogen affinity purified.                                                                |
| Formulierung           | Lyophilized                                                                                 |
| Target-Kategorie       | Glycogen synthase kinase-3 beta (gsk3b)                                                     |
| Application Verdünnung | ELISA, 0.001-0.1µg/ml, Human                                                                |
