| UniProt                  | <a href="#">P0DTC1</a>                                                                                                                                                                                                                                                                                    |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                 |
| Formulierung           | Liquid                                                                                                       |
| Target-Kategorie       | Lysosome-associated membrane glycoprotein 2 (Lamp2)                                                          |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users.                                         |
