| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                               |
| Produktbeschreibung      | Recombinant Human CXCL4/PF-4 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Glu32-Ser101) of human PF-4/CXCL4/SCYB4 (Accession NP_002610.1) fused with and a 6*His tag at the C-terminus.... |
| Molekulargewicht         | 8.61 kDa                                                                                                                                                                                                                                            |
| Tag                      | C-His                                                                                                                                                                                                                                               |
