| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Konjugation              | HRP                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | ELISA Pro kit for quantification of IL-12 (p70) in solution, The mouse IL-12 (p70) ELISA Pro kit provides all necessary reagents and solutions required to quantify mouse IL-12 (p70) in solution, e.g. in cell culture supernatant, and serum/plasma samp... |
| Detektionsbereich        | 30-10000 pg/ml                                                                                                                                                                                                                                                |
| NCBI                     | <a href="https://pubmed.ncbi.nlm.nih.gov/29758415">16159</a>                                                                                                                                                                                                  |
| Pubmed                   | <a href="https://pubmed.ncbi.nlm.nih.gov/29758415">29758415</a>                                                                                                                                                                                               |
| Target-Kategorie         | IL-12 (p70)                                                                                                                                                                                                                                                   |

|                        |                                                                                                                                                                                                                                                                                                           |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Contents: IL12-IV, biotin,Streptavidin-HRP enzyme conjugate,Recombinant mouse IL-12 p70 ELISA standard,TMB substrate for ELISA,Pre-coated ELISA strip plate (mAb C17.8),Adhesive plate covers,ELISA diluent,Standard reconstitution buffer,Streptavidin-HRP diluent,Wash buffer concentrate,Stop solution |
