| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, ELISpot                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human, Primate                                                                                                                                                                                                                                                |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Monoclonal antibody specific for IgG1, This monoclonal antibody enables sensitive and specific detection of human IgG1 in e.g., ELISA and ELISpot., There is no cross-reactivity (less than 0.1%) with human IgG2, IgG3, IgG4, IgA1, IgA2, IgE, IgM, IgD o... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [MTG1218]                                                                                                                                                                                                                                                     |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">3500</a>                                                                                                                                                                                                                                          |
| Target-Kategorie         | IgG1                                                                                                                                                                                                                                                          |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Monoclonal Antibody                                                                                        |
| Anwendungsbeschreibung | Contents: Monoclonal antibody MTG1218, biotinylated. Supplied at 0.5 mg/ml in PBS with 0.02% sodium azide. |
