| Wirt                     | Rabbit                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                       |
| Produktbeschreibung      | Rabbit anti-goat IgG (H&L), affinity purified, is an unconjugated secondary antibody which binds to all goat IgGs in immunological assays. Antibody is adsorbed against human,mouse,rat IgG and affinity purified using solid phase goat IgG.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                       |
| Reinheit                 | Immunogen affinity purified IgG.                                                                                                                                                                                                                 |
| Formulierung             | Liquid                                                                                                                                                                                                                                           |
| Antibody Type            | Polyclonal Antibody                                                                                                                                                                                                                              |
| Application Verdünnung   | The optimal working dilution should be determined by the investigator                                                                                                                                                                            |
