| Konjugation              | HRP                                                                                                                                                                                                                                                                                                                                      |
| Produktbeschreibung      | ELISA Flex kit for quantification of IFN-alpha in solution, The mouse IFN-alpha ELISA Flex kit is ideal for users who want the flexibility of setting up their own ELISA assay. This product enables quantification of IFN-alpha in solution, e.g. in cell...                                                                            |
| Detektionsbereich        | 8-1000 pg/ml                                                                                                                                                                                                                                                                                                                             |
| Target-Kategorie         | IFN-alpha pan                                                                                                                                                                                                                                                                                                                            |
