Product Datasheet

Photosynthesis Tool Kit - quantitation, Rabbit, Polyclonal AGR-AS04-051SET

Artikelname	Photosynthesis Tool Kit - quantitation, Rabbit, Polyclonal
Artikelnummer	AGR-AS04-051SET
Hersteller Artikelnummer	AS04-051set
Alternativnummer	AGR-AS04-051SET
Hersteller	Agrisera
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Algae, Bacteria, Plant
Immunogen	KLH-conjugated syntetic peptides for respective antibodies, see product info sheets
Produktbeschreibung	Estimation of PSI to PSII ratio can be done using quantitative western blot technique using anti-PsaC (PSI) and PsbA (PSII) antibodies. References: Brown et al. (2007). Resource dynamics during infection of Micromonas pusilla by virus MpV-SP1. Enviro...
Klonalität	Polyclonal
NCBI	844754
UniProt	003042
Antibody Type	Polyclonal Antibody

Anwendungsbeschreibung	Estimation of PSI to PSII ratio can be done using quantitative western blot technique using anti-PsaC (PSI) and PsbA (PSII) antibodies. References: Brown et al. (2007). Resource dynamics during infection of <i>Micromonas pusilla</i> by virus MpV-SP1. <i>Environmental Microbiology</i> 9(11): 2720-2727. Brown et al. (2008). Flux capacities and acclimation costs in <i>Trichodesmium</i> from the Gulf of Mexico. <i>Marine Biology</i> 154 (3): 413-422.
