| Article Name               | Anti-HA-tag mAb-HRP-DirecT, IgG2b kappa, Clone: TANA2, Mouse, Monoclonal, Ms    |
| Biozol Catalog Number      | MBL-M180-7B                                                                     |
| Supplier Catalog Number    | M180-7B                                                                         |
| Alternative Catalog Number | MBL-M180-7B                                                                     |
| Manufacturer               | MBL                                                                             |
| Host                       | Ms                                                                              |
| Category                   | Antikörper                                                                      |
| Application                | WB                                                                              |
| Immunogen                  | Synthetic peptide binding KLH, YPYDVPDYA (HA tag)                               |
| Conjugation                | HRP                                                                             |
| Product Description        | Anti-HA-tag mAb-HRP-DirecT, IgG2b kappa, Clone: TANA2, Mouse, Monoclonal, Ms... |
| Clonality                  | Monoclonal                                                                      |
| Clone Designation          | TANA2                                                                           |
| Isotype                    | IgG2b kappa                                                                     |
| Source                     | Purified IgG from hybridoma supernatant                                         |
| Storage                    | 2°C to 8°C                                                                      |

|                    |                                                              |
|--------------------|--------------------------------------------------------------|
| Target             | HA                                                           |
| Notes              | For Research Use Only. Not for use in diagnostic procedures. |
| Application Dilute | WB: 1:5,000-1:10,000 (chemiluminescence detection system)    |
