## Product Datasheet

### Donkey anti-Sheep IgG (H&L) - F(ab)<sub>2</sub> Fragment, Biotin Conjugate IMU-DKXSH-003-GBIO

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| Article Name               | Donkey anti-Sheep IgG (H&L) - F(ab) <sub>2</sub> Fragment, Biotin Conjugate              |
| Biozol Catalog Number      | IMU-DKXSH-003-GBIO                                                                       |
| Supplier Catalog Number    | DkxSh-003-GBIO                                                                           |
| Alternative Catalog Number | IMU-DKXSH-003-GBIO                                                                       |
| Manufacturer               | ImmunoReagents                                                                           |
| Host                       | Donkey                                                                                   |
| Category                   | Antikörper                                                                               |
| Species Reactivity         | Sheep                                                                                    |
| Immunogen                  | Purified Sheep IgG, whole molecule                                                       |
| Conjugation                | Biotin                                                                                   |
| Format                     | F(ab') <sub>2</sub>                                                                      |
| Target Specificity         | IgG (H+L)                                                                                |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                                                      |
| Concentration              | 1.5 mg/ml (E 1% at 280 nm = 13.0)                                                        |
| Buffer                     | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free |
| Purity                     | > 90% based on SDS-PAGE Small amounts of intact IgG may be present.                      |
| Form                       | Clear, colorless liquid                                                                  |

| Antibody Type | Secondary Antibody |
