## Product Datasheet

**Goat anti-Human IgA (alpha chain), F(ab)2 Fragment - Affinity Pure, TRITC Conjugate**  
**IMU-GTXHU-001-GRHOX**

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| Article Name               | Goat anti-Human IgA (alpha chain), F(ab)2 Fragment - Affinity Pure, TRITC Conjugate      |
| Biozol Catalog Number      | IMU-GTXHU-001-GRHOX                                                                      |
| Supplier Catalog Number    | GtxHu-001-GRHOX                                                                          |
| Alternative Catalog Number | IMU-GTXHU-001-GRHOX                                                                      |
| Manufacturer               | ImmunoReagents                                                                           |
| Host                       | Goat                                                                                     |
| Category                   | Antikörper                                                                               |
| Species Reactivity         | Human                                                                                    |
| Immunogen                  | Purified Human IgA, (alpha chain)                                                        |
| Conjugation                | TRITC                                                                                    |
| Concentration              | 1.0 mg/ml (E 1% at 280 nm = 13.0)                                                        |
| NCBI                       | <a href="#">10821</a>                                                                    |
| UniProt                    | CAA10821                                                                                 |
| Buffer                     | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free |
| Purity                     | > 90% based on SDS-PAGE Small amounts of intact IgG may be present.                      |
| Form                       | Lyophilized                                                                              |
