## Product Datasheet

### Goat anti-Mouse IgG (H&L), F(ab)2 Fragment - Affinity Pure, FITC Conjugate IMU-GTXMU-003-GFITC

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Article Name               | Goat anti-Mouse IgG (H&L), F(ab)2 Fragment - Affinity Pure, FITC Conjugate |
| Biozol Catalog Number      | IMU-GTXMU-003-GFITC                                                        |
| Supplier Catalog Number    | GtxMu-003-GFITC                                                            |
| Alternative Catalog Number | IMU-GTXMU-003-GFITC                                                        |
| Manufacturer               | ImmunoReagents                                                             |
| Host                       | Goat                                                                       |
| Category                   | Antikörper                                                                 |
| Species Reactivity         | Mouse                                                                      |
| Immunogen                  | Purified Mouse IgG, whole molecule                                         |
| Conjugation                | FITC                                                                       |
| Format                     | F(ab') <sub>2</sub>                                                        |
| Target Specificity         | IgG (H+L)                                                                  |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                                        |
| Concentration              | 1.50 mg/ml (E 1% at 280 nm = 13.0)                                         |
| NCBI                       | <a href="#">51107</a>                                                      |
| UniProt                    | AAA51107                                                                   |

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| Buffer        | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.8, 1 % (w/v) BSA, Protease/IgG free |
| Purity        | > 90% based on SDS-PAGE Small amounts of intact IgG may be present.                      |
| Form          | Clear, fluorescent yellow liquid                                                         |
| Antibody Type | Secondary Antibody                                                                       |
