| Article Name               | Goat anti-Rabbit IgG (H&L), F(ab) <sub>2</sub> Fragment - Affinity Pure, FITC Conjugate, min x w/ bovine, human, or mouse IgG or serum proteins |
| Biozol Catalog Number      | IMU-GTXRB-003-JFITC                                                                                                                             |
| Supplier Catalog Number    | GtxRb-003-JFITC                                                                                                                                 |
| Alternative Catalog Number | IMU-GTXRB-003-JFITC                                                                                                                             |
| Manufacturer               | ImmunoReagents                                                                                                                                  |
| Host                       | Goat                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                      |
| Species Reactivity         | Rabbit                                                                                                                                          |
| Immunogen                  | Purified Rabbit IgG, whole molecule                                                                                                             |
| Conjugation                | FITC                                                                                                                                            |
| Format                     | F(ab') <sub>2</sub>                                                                                                                             |
| Target Specificity         | IgG (H+L)                                                                                                                                       |
| Cross-Adsorption (MinX)    | Bovine,Human,Mouse                                                                                                                              |
| Concentration              | 1.50 mg/ml (E 1% at 280 nm = 13.0)                                                                                                              |
| Buffer                     | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.8, 1 % (w/v) BSA, Protease/IgG free                                                        |
| Purity                     | > 90% based on SDS-PAGE Small amounts of intact IgG may be present.                                                                             |

|               |                                  |
|---------------|----------------------------------|
| Form          | Clear, fluorescent yellow liquid |
| Antibody Type | Secondary Antibody               |
