| Article Name               | Goat anti-Rat IgG (H&L) - Affinity Pure, F(ab) <sub>2</sub> Fragment, Biotin Conjugate, min x w/human, mouse IgG |
| Biozol Catalog Number      | IMU-GTXRT-003-JBIO                                                                                               |
| Supplier Catalog Number    | GtxRt-003-JBIO                                                                                                   |
| Alternative Catalog Number | IMU-GTXRT-003-JBIO                                                                                               |
| Manufacturer               | ImmunoReagents                                                                                                   |
| Host                       | Goat                                                                                                             |
| Category                   | Antikörper                                                                                                       |
| Species Reactivity         | Rat                                                                                                              |
| Immunogen                  | Purified Rat IgG, whole molecule                                                                                 |
| Conjugation                | Biotin                                                                                                           |
| Format                     | F(ab') <sub>2</sub>                                                                                              |
| Target Specificity         | IgG (H+L)                                                                                                        |
| Cross-Adsorption (MinX)    | Human, Mouse                                                                                                     |
| Concentration              | 1.50 mg/ml (E 1% at 280 nm = 13.0)                                                                               |
| Buffer                     | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free                         |
| Purity                     | > 90% based on SDS-PAGE Small amounts of intact IgG may be present.                                              |

|               |                         |
|---------------|-------------------------|
| Form          | Clear, colorless liquid |
| Antibody Type | Secondary Antibody      |
