### Agrin monoclonal antibody (Agr-131) ENZ-ADI-AGR-530-D

|                            |                                                                         |
|----------------------------|-------------------------------------------------------------------------|
| Article Name               | Agrin monoclonal antibody (Agr-131)                                     |
| Biozol Catalog Number      | ENZ-ADI-AGR-530-D                                                       |
| Supplier Catalog Number    | ADI-AGR-530-D                                                           |
| Alternative Catalog Number | ENZ-ADI-AGR-530-D-50                                                    |
| Manufacturer               | Enzo Life Sciences                                                      |
| Host                       | Mouse                                                                   |
| Category                   | Antikörper                                                              |
| Application                | AM, ICC, IHC, WB                                                        |
| Species Reactivity         | Mouse, Rat                                                              |
| Immunogen                  | Recombinant rat agrin (C-terminal fragment).                            |
| Product Description        | Agrin monoclonal antibody (Agr-131)...                                  |
| Clonality                  | Monoclonal                                                              |
| Clone Designation          | [Agr-131]                                                               |
| Isotype                    | IgG2a                                                                   |
| UniProt                    | <a href="#">P25304</a>                                                  |
| Source                     | Purified from mouse ascites.                                            |
| Purity                     | Protein G affinity purified.                                            |
| Form                       | Liquid. In PBS, pH 7.2, containing 50% glycerol and 0.09% sodium azide. |

|                   |                                            |
|-------------------|--------------------------------------------|
| Target            | Agrin                                      |
| Application Notes | Detects a band of ~100kDa by Western blot. |
