| Species Reactivity         | Canine, Human                                                                                                                                                                                                                                                 |
| Immunogen                  | Recombinant human bcl-6 protein fragment (aa256-389) (exact sequence is proprietary)                                                                                                                                                                          |
| Product Description        | Recognizes a protein of 95kDa, which is identified as Bcl-6. Antibody to bcl-6 is helpful in a number of diagnostic settings: (1) In the differential diagnosis of small B-cell lymphoma. Follicular lymphoma will show bcl-6 (and CD10) positivity wherea... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [BCL6/2497R]                                                                                                                                                                                                                                                  |
| Molecular Weight           | 95kDa                                                                                                                                                                                                                                                         |
