| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fragment (around aa 274-313) of human Synaptophysin (SYP) protein (exact sequence is proprietary)                                                                                                                                                 |
| Product Description        | This recombinant rabbit monoclonal antibody recognizes a protein of 38kDa that is identified as synaptophysin. It is an N-glycosylated integral membrane protein found in neurons and endocrine cells. Synaptophysin contains four transmembrane domains a... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [SYP/4389R]                                                                                                                                                                                                                                                   |
| Molecular Weight           | 38kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">6855</a>                                                                                                                                                                                                                                          |

|                   |                                                                                                                                                                                                                                                             |
