| Manufacturer               | Rockland Immunochemicals                                                                                                                                                                                  |
| Host                       | Rabbit                                                                                                                                                                                                    |
| Category                   | Antikörper                                                                                                                                                                                                |
| Application                | ChIP, ELISA                                                                                                                                                                                               |
| Species Reactivity         | Human                                                                                                                                                                                                     |
| Immunogen                  | Anti-ETO Antibody was produced in rabbits by repeated immunizations with human ETO using two synthetic peptides containing sequences from the N-terminal and internal region of the protein respectively. |
| Conjugation                | Unconjugated                                                                                                                                                                                              |
| Clonality                  | Polyclonal                                                                                                                                                                                                |
| Concentration              | neat                                                                                                                                                                                                      |
