## Product Datasheet

### Goat IgG anti-Rabbit IgG (H+L)-FITC, MinX none ROC-211-1202

|                            |                                                         |
|----------------------------|---------------------------------------------------------|
| Article Name               | Goat IgG anti-Rabbit IgG (H+L)-FITC, MinX none          |
| Biozol Catalog Number      | ROC-211-1202                                            |
| Supplier Catalog Number    | 211-1202                                                |
| Alternative Catalog Number | ROC-211-1202                                            |
| Manufacturer               | Rockland Immunochemicals                                |
| Host                       | Goat                                                    |
| Category                   | Antikörper                                              |
| Application                | FLISA,FACS,IF                                           |
| Species Reactivity         | Rabbit                                                  |
| Immunogen                  | Rabbit IgG whole molecule                               |
| Conjugation                | FITC                                                    |
| Format                     | IgG                                                     |
| Target Specificity         | IgG (H+L)                                               |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                     |
| Clonality                  | Polyclonal                                              |
| Concentration              | 10.0 mg/mL by UV absorbance at 280 nm                   |
| Buffer                     | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Form                       | Lyophilized                                             |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Rabbit                                                                                                                                                                                                                                                         |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Dilute | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Application Notes  | Anti-Rabbit IgG (H&L) Fluorescein is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizing vario |
