### Goat IgG anti-Human IgG (H+L)-FITC, MinX Bo,Ck,Go,Gp,Hm,Ho,Ms,Rb,Rt,Sh, Polyclonal ROC-609-102-123

|                            |                                                                                       |
|----------------------------|---------------------------------------------------------------------------------------|
| Article Name               | Goat IgG anti-Human IgG (H+L)-FITC, MinX<br>Bo,Ck,Go,Gp,Hm,Ho,Ms,Rb,Rt,Sh, Polyclonal |
| Biozol Catalog Number      | ROC-609-102-123                                                                       |
| Supplier Catalog Number    | 609-102-123                                                                           |
| Alternative Catalog Number | ROC-609-102-123                                                                       |
| Manufacturer               | Rockland Immunochemicals                                                              |
| Host                       | Goat                                                                                  |
| Category                   | Antikörper                                                                            |
| Application                | FLISA,FACS,IF                                                                         |
| Species Reactivity         | Human                                                                                 |
| Immunogen                  | Human IgG whole molecule                                                              |
| Conjugation                | FITC                                                                                  |
| Format                     | IgG                                                                                   |
| Target Specificity         | IgG (H+L)                                                                             |
| Cross-Adsorption (MinX)    | Bovine,Gallus,Goat,Guinea pig,Hamster<br>(all),Equine,Mouse,Rabbit,Rat,Sheep          |
| Clonality                  | Polyclonal                                                                            |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                                  |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Buffer             | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                                                                     |
| Form               | Lyophilized                                                                                                                                                                                                                                                    |
| Target             | Human                                                                                                                                                                                                                                                          |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Dilute | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Application Notes  | Anti-Human IgG (H&L) Fluorescein Conjugated Antibody has been tested by dot blot. Secondary antibodies aid in the detection or sorting of target antigens by binding to the primary antibody. Anti-Human IgG (H&L) Fluorescein antibody is ideal for Flow Cyto |
