| Article Name               | Mouse IgG (H&L) Antibody DyLight(TM) 800 Conjugated, DL800, Goat, Polyclonal |
| Biozol Catalog Number      | ROC-610-145-002                                                              |
| Supplier Catalog Number    | 610-145-002                                                                  |
| Alternative Catalog Number | ROC-610-145-002                                                              |
| Manufacturer               | Rockland Immunochemicals                                                     |
| Host                       | Goat                                                                         |
| Category                   | Antikörper                                                                   |
| Application                | DOT, WB                                                                      |
| Species Reactivity         | Mouse                                                                        |
| Immunogen                  | Mouse IgG whole molecule                                                     |
| Conjugation                | DL800                                                                        |
| Clonality                  | Polyclonal                                                                   |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                         |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                   |
| Form                       | Lyophilized                                                                  |
| Target                     | Mouse                                                                        |
| Antibody Type              | Secondary Antibody                                                           |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | FLISA: >1:20,000, IF Microscopy: >1:5,000, WB: >1:10,000                                                                                                                                                                                                       |
| Application Notes  | Anti-Mouse IgG DyLight 800 Antibody has been tested by dot blot and western blot and is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex anal |
